ASUSE Incorporated: A Legacy of Engineering Excellence Serving Diverse Needs

We are ASUSE Incorporated, a certified MBE, ACDBE, DBE, and SBE based in Tempe, Arizona. More than just labels, these certifications reflect our commitment to diverse representation and quality service in Survey, Engineering and Engineering Design, and Construction.

What sets us apart?

- **Exceptional Expertise:** Our team boasts extensive experience tackling complex projects for prestigious clients like the US Department of Defense, Arizona Public Service, Salt River Project, Southwest Gas Corporation, and AT&T just to name a few. With hundreds of successful engineering design projects under our belts, we bring proven competence and unwavering dedication to every endeavor.
- **Uncompromising Quality:** Safety, quality control, and quality assurance are woven into the fabric of our operations. We employ meticulous processes, advanced technology, and rigorous standards to ensure the highest performance and reliability in every project.
- **Value-Driven Solutions:** We understand the importance of minimizing risk and maximizing project value. Our team of innovative thinkers excels at identifying cost-effective solutions without compromising quality, delivering exceptional outcomes that meet your budget and exceed your expectations.
- **Unwavering Commitment:** We don't just meet challenges; we conquer them. Integrity, dedication, and exceeding expectations are our guiding principles, reflected in our collaborative approach and unwavering commitment to exceeding your expectations.
- **Exceptional Customer Service:** We set a high standard in customer service, characterized by a steadfast commitment to quality and total customer satisfaction. This is integral to the company's operations, shaping its interactions with clients and stakeholders alike.

Beyond technical prowess, we believe in building strong relationships based on trust and mutual respect. We actively engage with diverse communities, fostering inclusivity and collaboration that enrich every project we undertake.

Contact us today and let's build something extraordinary together!

Precision Crafted Surveying and Mapping

ASUSE excels in providing highly accurate and reliable surveying and mapping services, a cornerstone of its operations. This core competency is underpinned by the company's dedication to precision, advanced technological integration, and extensive field expertise. Our experts, equipped with the latest technology, deliver projects that are a paragon of accuracy and integrity.

Advanced Engineering and Engineering Design Excellence

ASUSE showcases a significant core competency in the realm of engineering and engineering design, characterized by a fusion of technical innovation, comprehensive design methodologies, and a commitment to sustainability and efficiency. Our dedicated team works in tandem with clients, offering comprehensive and engineering solutions to your challenging problems.

Efficient and Reliable Construction Services

ASUSE Incorporated distinguishes itself in the construction industry through its exceptional competency in delivering efficient, reliable, and high-quality construction services. This core strength is supported by a combination of advanced project management techniques, a commitment to safety, and a skilled workforce.

Strategic Project Management

ASUSE excels in project management, particularly in the areas of value engineering, risk management, and safety. Its core competency is anchored in the company's systematic approach to planning, executing, and monitoring projects, ensuring maximum value, minimized risk, and unwavering commitment to safety.

Revolutionizing The Blueprint of Construction, Where Tradition Meets Innovation.

Risk Assessment

We're the Experts at Risk Assessment So You Don't Have to Be: Your One-Stop Shop for Survey, Design, Construction, and Project Management. With ASUSE, step into a world where risks are meticulously assessed and managed. Our team of experts ensures your projects are not just successful, but also safe and efficient.

Surveying

Precision Surveying for Every Project: Designing with Accuracy. Embrace the assurance of precision with ASUSE, where we elevate surveying to an art form. Our meticulous approach to surveying lays the groundwork for your projects, ensuring every detail is captured with utmost accuracy.

Value Engineering

Precision Surveying for Every Project: Designing with Accuracy. Embrace the assurance of precision with ASUSE, where we elevate surveying to an art form. Our meticulous approach to surveying lays the groundwork for your projects, ensuring every detail is captured with utmost accuracy.

Engineering Design

From Concept to Reality: Engineering Design Mastery. At ASUSE, we understand that the journey from a concept to a tangible reality is paved with innovation and expertise. Our engineering design services are the cornerstone of turning ambitious ideas into successful projects.

Construction

Revolutionizing the Blueprint of Construction, Where Tradition Meets Innovation. ASUSE's approach combines time-honored techniques with cutting-edge innovations to create projects that are not only structurally sound but also pioneering.

Quality Assurance/Quality Control

The Assurance You Deserve: Impeccable Quality Control in Every Project. At ASUSE, your project's success is our priority. We pride ourselves on implementing stringent quality control and quality assurance protocols, ensuring that every aspect of your project meets and exceeds industry standards.

At **ASUSE INCORPORATED**, we are your premier choice for comprehensive surveying, engineering, and construction solutions. Specializing in project management services for both government and private sectors. We believe every project is a canvas for excellence. Our blend of Risk Assessment, Safety, Innovation, Value Engineering, and Quality Control ensures not just project completion but a masterpiece creation.

Why Choose ASUSE:

- Extensive Project Management Experience
- Adept Engineering and Design Team
- Unparalleled Expertise in Design-Build Projects
- Trusted by US Department of Defense, Bureau of Indian Affairs, and more.

Partner with **ASUSE INCORPORATED** and experience excellence in every project. Join leading companies like Arizona Public Service, Salt River Project, Southwest Gas Corporation, and AT&T who trust **ASUSE** for their engineering needs. Our experienced Project Managers and QC Superintendents are ready to deliver outstanding results.
